PROFESSIONAL SUMMARY

Final-year Electronics and Communication Engineering student with hands-on experience in Python, SQL, Flask, SQLite, HTML, CSS, and JavaScript. Skilled in software development and web development, including building responsive user interfaces, implementing secure user authentication, and managing relational databases. Experienced in using Git and GitHub for version control and collaborative development. Strong analytical thinking and problem-solving abilities, with a proven track record of independently designing and building full-stack web applications. Seeking an entry-level Software Developer, Python Developer, or Web Developer role to apply technical skills and contribute to innovative software solutions.

TECHNICAL SKILLS

Programming Languages: Python, JavaScript, SQL

Web Development: HTML5, CSS3, Flask, Responsive Web Design

Database Management: SQLite, Database Design, Database Management

Tools & Version Control: Git, GitHub, VS Code, Jenkins

Core Competencies: Software Development, Web Development, Problem Solving, Team Collaboration, Time Management, Adaptability, Analytical Thinking, Communication Skills

PROJECTS

Student Study Planner — Web Application

Python, Flask, SQLite, HTML, CSS, Git

- Built a full-stack, web-based study planner application using Python and Flask to help students organize and track academic tasks.
- Designed and implemented secure user registration and login authentication using password hashing to protect user credentials.
- Integrated a SQLite database to store, retrieve, and manage user and task information, strengthening database management skills.
- Developed core task management functionality, including add, complete, search, and delete operations, to improve usability.
- Implemented due date tracking and progress monitoring features to support academic planning.
- Configured user-specific session handling with Flask sessions to enable secure, personalized multi-user task management.
- Managed source code and version history using Git and GitHub, supporting collaborative software development practices.

EXPERIENCE

Customer Service Intern

Madurai, Tamil Nadu | June 2026 – July 2026

- Resolved customer account and service-related inquiries accurately and in a timely manner.
- Coordinated with cross-functional teams to drive issue resolution and improve customer satisfaction.
- Maintained accurate service records and verified account information to ensure data integrity.
- Strengthened communication, problem-solving, and teamwork skills in a professional, fast-paced environment.

EDUCATION

Bachelor of Engineering (B.E.), Electronics and Communication Engineering

August 2023 – July 2027

Anna University Regional Campus, Madurai, Tamil Nadu

CGPA: 7.96 / 10

CERTIFICATIONS

- Internship Completion Certificate — Ramji Group of Companies
- Web Design Course: HTML, CSS, and WordPress — Udemy
- AI Foundations — OpenAI
